

# Carter's Cause Inaugural Lunch

**WITH NEW YORK BEST SELLING AUTHOR -DR.STEVE MARABOLI .**

Carter was only here for a short-time, but left a legacy that others may aspire to. Born with congenital heart defects, he fought for each of the 30 days we were blessed to share with him. His legacy lives on with Carter's Cause Inc. a not for profit organisation raising much needed funds for HeartKids Queensland.

HeartKids Queensland is a not for profit organisation dedicated to improving the lives of children affected by heart disease. One in every 100 babies will be born with a heart defect for which there is no cure. Since 1984, HeartKids has been offering support, encouragement and hope to the families of Queensland children with heart disease. They raise awareness and fund vital research into the causes of this chronic disease.

To ensure we can continue to help the 8 babies born each day with a heart defect we need your help.
